BRISTOL, May 20.—A surprise birthday party was made for Miss Daisy Mae Goodwin, Saturday evening, May 13, in honor of her twelfth birthday, by her parents, Mr. and Mrs. Sylvester C. Goodwin, at their home on upper Grass run. Miss Goodwin was the recipient of a large number of fine and costly gifts from the thirty-one guests present. All the customary games and frolics suitable for such occasions were enthusiastically indulged in by the merry, rollicking crowd. Appropriate music for the occasion was furnished by Harvey W. Fletcher, solo violinist—and temptation to "twiddle their toes" or to "strip the willow" was perfectly inevitable when the irresistible strains of "The Irish Washerwoman," "Tom and Jerry," "Harrison's Reel," "Soldier's Joy" or "Miss McLeod's Reel" issued forth from Mr. Fletcher's violin. All departed at a late hour, each wishing Miss Goodwin many more happy returns of the day. Those present were as follows: Mr. and Mrs. Sylvester C. Goodwin, Mr. and Mrs. Clarence Davis, Mrs. Cora James; and Misses Edna Dorothy Flanagan, Gladys Bramer, Hazel Flanagan, Hazel Lynch, Velma Marie Goodwin, Mamie Davis, Blanche Nuzum, Nellie Lynch, Pauline Goodwin, Gladys Nuzum, Audrey Lynch, Phyllis Vivea Goodwin, Fannie Davis and Daisy Mae Goodwin; and Messrs. Harvey P. Goodwin, Claude Exline, Wayman D. Goodwin, John Bramer, Charles Rhodes, Rildo Bramer, Olive Lough, Glenn Rhodes, John L. Goodwin, Ashby Dennison, Paul Morris, Clary Nuzum, William Holt, Orpha Morris, Harvey W. Fletcher, Ralph Ash, Lloyd J. Kells, Lloyd James, Harvey Bennett, Ward Ritter and Francis Kells.

Breaks Into Cellar.

Some very bad boys, on Cherry Camp run, recently broke into the Homer Tate cellar and pilfered around, helping themselves to the keg of apple cider, canned fruit, etc., and trying to destroy everything they came in contact with. The boys' parents have been told of the depredation and they have made restitution to Mr. Tate for the stuff confiscated and destroyed—and some pretty enthusiastic retribution to the boys.

Recovered.

Little Miss Vesta Vinn, the two-year-old daughter of Mr. and Mrs. Thurman Hickman, of Still House run, who has been ill of a very severe cold, and threatened with pneumonia, is very much recovered at this time.

Quarterly Meeting.

The second quarterly meeting of the local charge of the Methodist Episcopal church, for the present year, was held at Casarea, Doddridge county, Saturday and Sunday, May 13 and 14. Quite a good sized delegation from the local church was present at the meeting.

Return from Morgantown.

Misses Mary Williams, of Marshville and Mabel Bennett, of upper Grass run, returned the first of this week from Morgantown, where they attended the Sunday school convention held there last week.

Spindle Convalescent.

Asa Spindle, of Cherry Camp run, who has been quite ill for several days of inflammation of the bladder, is reported to be very much improved, and convalescing nicely.

Sprains Ankle.

Sanford E. Shahan, the genial merchant of the west end of town, had the misfortune to sprain his ankle very badly while playing baseball several days ago, and can be about only by the aid of crutches. However, it is thought he will be "good as new" in a few days.

Cracks Rib.

Harvey W. Fletcher is suffering from a cracked rib which he got when the handle of a plow hit him while ploughing some rough ground a few days ago. He is out working every day despite the accident.

Seriously Ill.

Mrs. Marietta Custer of Flinderston, who has been ill of sweet diabetes and a complication of diseases for several months, is said to be in a very critical condition at this time, having taken worse a day or two ago.

"Early Birds."

Lihu Shahan and Thomas Hickman, two Salem Fork creek farmers, are really and truly the "early birds" of this part of the country, so far as having corn up—an acclimated one—and sheep sheared goes. They say

their corn is just ready for the second cultivation—according to this they are likely to have it "laid by" not later than the last of the present month. But—let's see—what about that big frost which is due some time the last of this month, according to that well-known apothegm; "A Fog in February, a Frost in May." The "early birds" won't be so far ahead after all—if the precept holds true. Quite a good deal of frost was in evidence hereabouts Friday morning last.

Receives Hard Fall.

Mrs. Bertha Tate, of Cherry Camp run, is suffering from several minor injuries received by a very hard fall down a long flight of steps, while visiting at the home of her parents, Mr. and Mrs. Hiram D. Lynch, of rural route No. 1, a few days ago. Her injuries are not thought to be serious, however, exceedingly painful.

Pioneer Resident Ill.

Ed Flanagan, a pioneer resident of Sardis district, is ill at the home of his daughter, Mrs. Resin B. Loy, of Brown, of indigestion and a complication of diseases incident to advanced age.

Line Repaired.

At last—after so long a time—line No. 9, from the local switchboard of the People's United Telephone system, to Indian run, has been repaired. Once more those living on Indian run can communicate with the outside world—providing the "hello girl" is on duty, and see fit to answer the repeated calls of the subscribers.

To Clean Out Well.

The South Penn Oil Company will begin cleaning out well No. 6 on the Barnes heirs' farm on Indian run, just as soon as it can get rigged up. A large force of men are now engaged in repairing the road in order to transfer the cleaning out tools to the well. The work is being done under the supervision of Millard H. Campbell.

Not Doing Well.

Neither Mrs. Ethel Dennison nor her two-week-old baby are getting along as well as they should. She is bothered by a severe pain in her side and continuous headache. The baby has severe attacks of spasms. Both are under the efficient care of Dr. Frank V. Langfitt, and will soon take a turn for the better it is hoped.

Patent Auto Tire.

Charles R. Donally, a local pumper for the Southern Oil Company, and Al H. Donally, a popular machinist of Fairmont, have recently been granted a patent on an arrangement to use solid tires on automobiles, motor trucks, etc., and they are having a set made for testing and demonstrating purposes. This new arrangement consists of a series of half-elliptical springs around the wheel between the rim and the solid rubber tire. Each series is entirely independent of any of the others, and in case one spring should break, it can instantly be replaced by a new one. This does not necessitate the removal of the tire, and it only requires but a small portion of the time required to repair a puncture and reinflate the pneumatic tire. Messrs. Donally are confident that when given a thorough test and put on the market, their new invention will be a great success.

Personals.

Misses Pearl and Gae Dennison and brother, Worthy, motored to Salem a recent evening in their Overland touring car.

Mr. and Mrs. James H. Moore, of Terrace avenue, Salem, were recent visitors to Clarksburg.

John Wesley Williams, of Marshville, was a business visitor to Salem a few days ago.

Misses Edna Flanagan, of Wallace, and Daisy Goodwin, of Grass run, were guests at the home of Mr. and Mrs. Hiram D. Lynch recently.

Miss Mazie Tate, of Cherry Camp run, is spending a few days at the home of her grandparents, Mr. and Mrs. Hiram D. Lynch, of rural route No. 1.

The florin obtained its name from Florence, where it was first struck in the thirteenth century.

As welcome as the flowers in May is a box of Huyler's Fine Candy.
